**Subject:** Doodle Poll: Find Date for Workgroup on Innovation and Regulation in Agriculture - First Meeting

Dear Colleagues,

Thank you all for your willingness to serve on the new Workgroup on Innovation and Regulation in Agriculture Steering Committee. I would like to try and nail down a date for our first meeting at the USDA-ARS in Beltsville Maryland. In the last email exchanges, the week of March 6 was a possibility. Therefore, I have created a Doodle Poll for the week of March 6 and the following two weeks just in case.

Here is the link to the Doodle Poll: **Personal Privacy / Ex. 6**

I envision a 3 hour meeting either 9AM to noon or 1PM to 4PM. I have asked Iain Kelly and Alan Ayers of Bayer also to attend this initial meeting as they were key to planning the workshop. They will continue to serve in a supporting role for the SC.

Proposed Major topics for discussion:

## Deliberative Process / Ex. 5

(please send feedback on the topics)

In the meantime, I would like to start an email dialogue ahead of the meeting so that we won't be starting completely from scratch. So, for the next couple of weeks, I would ask you to think about and nominate organizations that are especially effective at facilitating multi-sector collaborations (doesn't have to be agricultural in nature). Please send your ideas out to the group as to why you think they are effective. I look forward to fruitful work this year.

Best regards,  
Laura

I had a brain misfire and misread my schedule. Sorry.

I meant to ask whether you had time on the morning of the 19th or the afternoon of the 20th. I was off by a day.

Would either of those days work for you?
